DO YOU NEED MEDIA?

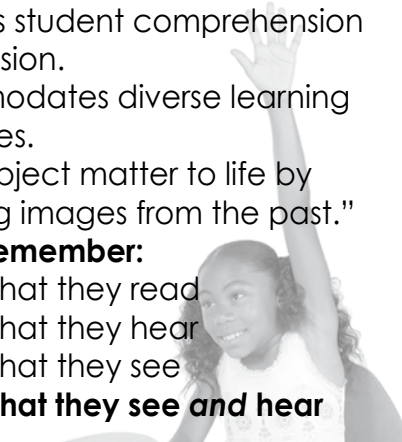

The Jeff Johnson Memorial Instructional Services Center

is a media lending library for churches and schools in the Archdiocese of St. Paul and Minneapolis. Our extensive collection of Videos, DVDs and Learning Kits is the largest of its kind in Minnesota. The collection, which includes media on topics both religious and secular, is available for use by any person, school or church interested in top-quality, media-related materials.

If you desire, our professionals can assist you with integrating media into your program and can help you select appropriate media materials to enhance your curriculum.

Why use media in your lesson plan?

- It provides cross-disciplinary connections.
- It reinforces reading and lecture materials.
- It increases student comprehension and discussion.
- It accommodates diverse learning intelligences.
- It brings subject matter to life by "recreating images from the past."
- **Students remember:**
 10% of what they read
 20% of what they hear
 30% of what they see
50% of what they see and hear
